**If I am awarded a Horatio Alger Association Scholarship, how will I receive my money?**

Disbursement information will be sent to you each year in May. You will be asked to go online and request your funds for the upcoming year at that time. We send the check directly to your college to be credited to your account. Scholarship funds may only be used for tuition and fees, on-campus room and board, books, and summer school. Horatio Alger Association Scholarship funds cannot be reimbursed to a Scholar.

**If I were to receive the scholarship and then change my major to a non-STEM major, would I still receive my scholarship?**

No. If an awarded Scholar changes his or her major to a field that is not STEM, the scholar's remaining scholarship funds will be forfeited, and the scholar will no longer receive the benefits of being a Horatio Alger Scholar.

**If I were to receive the scholarship and then transfer to a new school, would I still receive my scholarship?**

Scholars are expected to remain at the institution where they received the scholarship. However, if a Scholar was to transfer to a Horatio Alger Collegiate Partner or Honeywell Partner school, it is possible that the funds could be used at the new institution, with supervisor approval. We would recommend contacting the Association before making the decision to transfer in order to confirm that the new school has maintained their partnership with the Association and that you would be able to transfer your scholarship money to the new school.
